OKLAHOMA TAKES HER STAND AS A DEMOCRATIC STATE

Indications Are Democrats

DEMOCRATS GAIN EVERYWHERE

Weaver Carries Every Box in the
87th District--A Veritable Land-
slide for Democracy.

The 87th district establishes itself as a democratic stronghold. Early Tuesday night the vote of the two boxes in Ada was counted and returns began coming in from other precincts. It soon became evident that democracy had won and Carlton Weaver was elected delegate to the constitutional convention.

While the total returns occasioned little surprise, it was scarcely expected that Weaver would carry every box in the district, including the republican nominee's own home, Knox School House. But he did.

A large crowd gathered early in front of the News building to hear the election returns. Bulletins were posted until the midnight hour. Most of them containing agreeable news, it was a continuous democratic jubilation until the wee small hours.

Though not more than two-thirds of the voting strength of the district turned out, it is evident the republicans did their best. They were well organized, and the negroes were brought out in great herds. That party has had a fair, though test of strength in this vicinity; the local republican leaders deserve the plaudits of their party for the faithful, vigorous efforts they have made for republican success. They had a good candidate and made a plucky fight, but the odds were overwhelmingly against them--that's all.

The result of the election in the 87th is highly gratifying, of course, but if the democrats generally had bestirred themselves we might have made this the banner democratic district in the new state. There were needed a more

ANOTHER SENTENCE

**Stensland, Bank Wrecker, Testifies
And is Sentenced Again**

Chicago, Ill., Nov. 7—Paul O. Stensland, former president of the Milwaukee Avenue State Bank, who was arrested in Tangier, and W. Hering cashier of the same institution, were Monday sentenced by Judge Pickney in the criminal court in determinate terms in the penitentiary for embezzlement and forgery. Sentences may run anywhere from one to ten years. The new sentence given Stensland will not lengthen his term of imprisonment, as the new sentence is concurrent with the old.

Stensland had been brought from the

penitentiary at Joliet to give evidence against Hering, who, it was understood would make a fight for his freedom, but Hering changed his mind, and decided to throw himself upon the mercy of the court. Stensland, however, took the stand and told of how the bank was wrecked. Both men were taken to Joliet yesterday.

went democratic. Also Pawnee, Mc-
Guire's county, elected a democrat by
250 majority.

In Kansas it is close, both sides
claiming state; likewise in Iowa and
New York. Hughes is thought to have
defeated Hearst by small majority but
rest of democratic ticket elected.

Oklahoma City, Nov. 7, 10:30 a.m.—
It's a democratic landslide all over
Oklahoma. Indications are democrats

will have 80 out of the 112 delegates.
This number is likely to be increased,
as some districts have not been heard
from. Democratic combined majority
will be 35,000.

Both Hughes and Hearst claim New
York; 250 districts yet to be heard
from.

In Pennsylvania 14 rep. congressmen
elected 2 democrats; other districts not
heard from.

Four rep. congressmen elected in
Michigan; three in Minn., six in Mass.,
one democrat, others to be heard from;
Kansas returns full quota of rep. con-
gressmen.

A good many districts are not yet heard from. But the election is known to have been nothing less than a democratic landslide. Sorosis Meeting

Sorosis met with Miss Timbelake on Friday Nov. 2nd.

Ten members responded to roll call with quotations from Hans Christian Anderson. The Club voted to give a prize to the member having the best record, at close of club year, in attendance and discharge of duties assigned in club calendar.

Anticipating an interesting report from her delegates from the Federation meeting at Tulsa, particularly along educational lines, Sorosis decided to meet at 2 p. m. on Friday, Nov. 16, finish business and program before 4 p. m. and hear reports of delegates after that hour. An invitation was sent to the teachers of the public schools to come and hear these reports.

Mrs. McMillan led in the first reading from Hamlet and brought out several interesting points in the lesson.

A paper on Hans Christian Anderson by our president was excellent, and reminded us of the many happy homes that wonderful Dame has bequeathed to the children of every civilized nation. After adjournment the club was served with delightful refreshments by Miss Timberlake assisted by her mother and sister.

Editor Will Be Given Trial.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for sore lungs, coughs and colds, at F. Z. Holley and G. M. Ramsey's drug stores. Price 50c and \$1. Trial bottle free.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklin's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures cuts, burns and injuries. 25c at F. Z. Holley and G. M. Ramsey, druggists.

LINGERING COLD

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by G. M. Ramsey.

STATE ELECTIONS.

Elections were held yesterday in 42 states and while the results in a number of instances were of unusual interest it may be said that, generally speaking there was no great surprises.

Throughout the south the democratic state and congressional tickets have been elected by the usual majorities. In the west and east the states that were aligned two years ago in the democratic or republican columns show no material change, the democrats making gains in some instances and the republicans in others. The republicans retain control of congress by a good majority.

Perhaps the widest general interest in the elections centered in the remarkable fight for governor which has been waged in New York state between Charles E. Hughes, the republican candidate, who throughout the campaign has had the support of President Roosevelt, and William Randolph Hearst, who has been running as the regular democratic and independent nominee. The latest returns available show that Mr. Hughes, while losing nearly all of the principal cities of the state was successful by about 50,000 plurality. The rural districts brought about the republican victory.

In New York City the Tammany Hall independent league judiciary ticket was successful with possibly the exception of the candidates named by the non-partisan "judiciary nominators."

Massachusetts has re-elected Curtis Guild, republican, as governor over district attorney John B. Moran of Boston, who was the democratic candidate, the independent league and the prohibitionists.

In Chicago it is estimated that the independent league ticket polled 40,000 but there was a heavy republican plurality for the state officers.

Pennsylvania has elected Stuart Republican governor, over a fusion opposition by the the usual republican plurality.

Michigan, Iowa, North Dakota, Connecticut, Indiana, New Hampshire and Wisconsin have rolled up republican pluralities, although there was some falling off from the usual vote in Iowa. In Minnesota, Governor Johnson, democrat was re-elected by the largest majority ever given a democrat in the state.

Nebraska shows big republican gains. Ohio also shows republican gains over the Pattison vote of last year. The republicans expect a plurality of 75,000 in the state.

The constitution of the new state of Oklahoma will be written by democrats. The Indians voted the democratic ticket almost solidly.

DOUBTFUL DISTINCTION.

Muskogee, I. T., Nov. 6.—To Indian Territory belongs the distinction and the dishonor of having in the United States penitentiary at Fort Leavenworth, Kansas, the model prisoner of the place, and the most untractable prisoner also. The former is Ben Reeves, a young negro sent up for the murder of his wife, and the other prisoner is Lee Voss, also a negro.

The officers of the penitentiary state that there has never been a better behaved prisoner in that penitentiary than young Reeves. He is a son of Bas Reeves, a negro deputy marshal at Muskogee, who has been in the government service twenty years. Young

Reeves shot his wife and killed her in a fit of jealous anger. He was arrested and placed in jail by his own father. He got life sentence.

Lee Voss was sent up three years ago for robbery, on a five year sentence. He will not work and sulks all the time. The prison officials seem unable to tame him at all. The most effective method has been to starve him to work. A pile of stones, about a wheelbarrow full, are put into his cell. He is then given a stone breaker and left to himself. He will not touch the hammer and stone until hunger drives him to it. The warden will not give him a mouthful to eat until he has broken all the stone to a certain size. When this is done Voss gets a ration and if he still refuses to work, another pile of stone is brought and the process repeated. Even with this drastic measure the prison officials have never been able to get much work out of Voss.

OVERDRAFTS

It is becoming well known by business men that overdrafts, whether large or small, are not approved by the comptroller of the currency. The large central banks allow overdrafts only in a very small way, and this, it matters not how small, is not approved by the powers that be. This unbusinesslike habit of overdrafts grew out of advancing on moving products, such as cotton, grain and fat stock on the move. The overdraft system is wrong and the man whose account is always overdrawn is the man who spends more money than he makes and will finally have no bank account.
